

Arch Enemy, Deceiver, Deceiver

Secrets whispered through a veil of lies
When did I become this person you despise?

Opened my eyes
You've been in disguise
The door is closing
You're on the outside now
It's curtain call

After everything I did for you
This is what you choose to put me through?
What happened to the concept of loyalty?
I guess, there really is no more honesty!

Opened my eyes
You've been in disguise
The door is closing
You're on the outside now
It's curtain call

Deceiver, deceiver
My head still spinning from your Judas's kiss
Deceiver, deceiver
No one thing about you, I will miss

You put on a great act
I will give you that
Go on and take a bow
You despicable rat
Accept the applause
You're king of whores
This is your grande finale

Deceiver, deceiver
My head still spinning from your Judas's kiss
Imposter I see you
Thou beest slain
Tyrant, show the face!

Opened my eyes
You've been in disguise
The door is closing
You're on the outside now
It's curtain call

Deceiver, deceiver
I see you!
