

Arch Enemy, The Great Darkness

Dominus beo spiritus

A greater darkness
My mind's possessed
Disillusioned
Numb emptiness

No hope
I feel a paralyzing fear
No salvation
Taking control
Their coldness hurts me
Beyond belief

Dominus beo spiritus

We all burn
Will I be free?
The great darkness
Consumed us all

Diabolus libero spiritus

Blind my eyes
I hate the light
Dispair, frustration, regret
Fighting, fighting for what?
Lies, the lies
I feel dead inside

My pain is all
I leave behind

Dominus beo spiritus

We all burn
Will I be free?
The great darkness
Consumed us all

Diabolus libero spiritus

A shadow
The only light I followed
Transparent, I am
Like a ghost

-Solo-

A far cry
From who I wanted to be
I never found my place
My place, nor peace

-Solos-

Dominus beo spiritus

We all burn
Will I be free?
The great darkness
Consumes us all

Diabolus libero spiritus
