

Arch Enemy, Vengeance Is Mine

Infestation
Of spirit and flesh
Indignation
Is all you left me with
Domination
Your ultimate goal
Transmigration
You will lose control
I will rise up and prove you wrong
I have been waiting in the shadows for too long
This gates are opening - my true self unleashed
Laceration
Of my mind and soul
Alteration
Your truth is full of lies
Liberation
Sweet revenge is mine
Devastation
You will burn in my hell
I will rise up and prove you wrong
I have been waiting in the shadows for too long
This gates are opening - my true self unleashed
Vengeance is mine!
