

Archers Of Loaf, Step Into The Light

Step into the light.
So tired of being in the dark and all alone.
Step into the light.

Step into the light.
So tired of being in the dark and all alone.
Step into the light.

Step into the light.
So tired of being in the dark and all alone.
Step into the light.

Step into the light.
So tired of being in the dark and all alone.
Step into the light.
