

Archive, Pills

These days,
They're taking me down,
Breakout,
With pills in my hand,
Freak out,
I move with the crowd,
You think it's only you,
It really kills me too,
You really got me going now,
It's taking me down,
You really got me wanting now,
You think it's only you,
It really kills me too,
How can you tell the truth?
When your heart is bleeding the lies,
Feeding the lies,
Falling apart,
Breaking apart,
It really kills me too,
It's really got me hurting now,
It's really got me hurting
