

Arctic Monkeys, Bad Woman

When you left the house this evening,
You said you'd be back in a little while.
But I've been waiting for such a long time,
And this waiting is driving me wild.

And while I wait I think about you,
Do you need me and I'm not there?
Are you planning to be without me?
Do you have a new affair?

You're a bad, bad woman.
You're a bad, bad woman.

Pictures of you keep flashing to my mind.
If you would only call,
If you would be so kind.
Imagine things, I've seen another man.
And it's this waiting I just can't stand.

You're a bad, bad woman.
You're a bad, bad woman.
You're a bad, bad woman.
You're a bad, bad woman.
