

# Arctic Monkeys, Love is a Laserquest

Do you still feel younger than you thought you would by now  
Or darling have you started feeling old yet?  
Don't worry I'm sure that you're still breaking hearts  
With the efficiency that only youth can harness  
And do you still think love is a laserquest  
Or do you take it all more seriously?  
I've tried to ask you this in some daydreams that I've had  
But you're always busy being make believe  
And do you look in the mirror to remind yourself you're there  
Or has somebody's goodnight kisses got that covered?  
When I'm not being honest I pretend that you were just some lover  
Now I can't think of there without thinking of you  
I doubt that comes as a surprise  
And I can't think of anything to dream about  
I can't find anywhere to hide  
And when I'm hanging on by the rings around my eyes  
And I convince myself I need another  
For a minute it gets easier to pretend that you were just some lover  
When I'm pipe and slippers and rocking chair  
Singing dreadful songs about summer  
Will I have found a better method of pretending you were just some lover?
