

# Arcwelder, You

(w. graber)

Here we are, here we stand  
No one seems to understand  
Afraid you've seen to much  
To really know what's best  
Ain't it strange when you don't know what's true

You without your book of questions  
We missed out on all the best ones  
Something we just had to do  
Tried to feel so much better  
Tried to make the easy way out  
But there's nothing I can do

[Chorus]  
And maybe I should really know... You  
But I feel like I don't know... You

One more day - one more time  
I can't find some peace of mind  
Tell me that it doesn't matter  
Tell me that I should know better  
And it's just a waste of time

[Chorus]

Y'know it's all right

One last day - one last time  
Now to find some peace of mind  
All I know (I think I know)  
All I know (I think I know)  
All I know is I don't know

And I still don't even know - what to do  
Another friend another time...
