Never Give Up On Me

i've made more mistakes than i can count upon my finger tips

i have been ashamed and i have felt as guilty as all sin

counting every tear that drops cannot account for any loss

i'll let the past remain behind me now

fill it up with goodness

i'll drink it down with love

never give up on me

i will never give up on you

you're everything i need

oh just look at what we've been through

so far so good

i have wished on every star that shot across my broken heart

i am still amazed that you came true

i have kissed a hundred lips

but none of them compare to this

i have found myself inside of you

you forgive my sad regrets

and i forgive myself

never give up on me

i will never give up on you

you're everything i need

oh just look at what we've been through

never give up on me

i will never give up on you

you're everything i need

oh just look at what we've been through

i love you
