

# Arena, Ghost In The Firewall

Look for me here  
It's blacker than the night  
Look for me here  
But don't throw me in the light  
Keep me on the inside  
A part of the team  
Keep me on the inside  
I don't care what that means

Oh - Like the ghost in the Firewall  
Oh - Like a virus in the system  
Oh - Like the ghost in the Firewall  
Let me in  
Let me fade away

Look for me here  
My name is Legion  
Look for me here  
We are many - we are one  
Keep me on the inside  
Lost in the crowd  
Keep me on the inside  
Don't try to force me out

Oh - Like the ghost in the Firewall  
Oh - Like a virus in the system  
Oh - Like the ghost in the Firewall  
Let me in  
Let me fade away  
Let me in  
Let me fade away  
Let me fade away
