

Arena Tina, Close To My Heart

Arena Tina
Strong As Steel
Close To My Heart
Woo woo, woo woo woo
Woo woo, close to my heart

No secrets between us
It's time for us to both come clean
Let the water wash away illusion
From now on I need more than a dream

I demand attention from the one I love
You'll get my affection when you give enough
So tell the truth from the very start
Then I'll keep our secrets
Close to my heart

Woo woo, woo woo woo
Woo woo, close to my heart
Woo woo, woo woo baby
Tell the truth from the very start

Red roses cool champagne
You know it really doesn't matter to me
There is only one door through my soul
Be good and I'll give you the key

I demand attention from the one I love
You'll get my affection when you give enough
So tell the truth from the very start
Then I'll keep our secrets
Close to my heart

Woo woo, woo woo woo
Woo woo, close to my heart
Woo woo, woo woo baby
Tell the truth from the very start

Woo woo, woo woo woo
Woo
