

Aretha Franklin, Falling Out Of Love

It's in the way you say my name
Though I hear your voice, it's not the same
And in your eyes, I can't help but see a much different light
Than there used to be
You say hello and I want to die
'Cause deep down I know that it means goodbye
I can't let go, I just keep hanging on
Though you're standing there, you're as good as gone
Though you're standing there, you're good as gone
Are you falling out of love?
Baby, have you had a change of heart?
Are you falling out of love?
Tell me, is there someone new that you're dreaming of
Are you falling out of love?
Your funny smile was all it took
And you said it all with just a look
Now I sit here and you sit there
We just talk and talk but we get nowhere
All we do is talk and get nowhere
Are you falling out of love?
Oh baby, have you had a change of heart?
Are you falling out of love?
Tell me, is there someone new that you're dreaming of
Are you falling out of love?
Are you falling out of love?
Oh baby, have you had a change of heart?
Are you falling out of love?
Tell me, tell me, is there someone new that you're dreaming of
Are you falling out of love?
Falling out of love
