

# Aretha Franklin, You Are My Joy (Reprise)

This is love, my darling  
Can't you feel it?  
When you really had me, concealing  
I just can't be that way with you

The light of my life  
And you don't even know it  
How many ways can I show it  
Wherever you are  
I wanna be with you, baby

The joining of our hearts  
The joining of our heads  
With this ring, I thee wed  
The love of my life  
I trust you with my heart, dear  
I trust you more when you're not here

This is your last chance  
There'll be no backward glance  
Are we on or are we through? (Repeat)

You feel it in your heart  
You feel it down in your soul, baby  
Oh, yeah
