

# Argyle Park, Leave Me Alone

Push shove your always in my face  
You've never shown me love  
I've never felt your grace, understand!

LEAVE ME ALONE

You have enough problems of your own  
Don't try to make them mine  
I'm human just like you  
With my own existence to define

This one is mine  
Burned by you kind too many times  
And I am dry

I've seen the scars  
Your life can do  
I've know the damage  
I am the damage

Samples:  
'It's healthy for you to express your anger.'

'I don't know how all this started'

'Wait for him but don't do this!'

'I don't know how all this started but in my religion,  
when something happens that makes the world go to a  
better place then it was before,  
and I know that God had something to do with it.  
I don't ask him questions. In my religion too Mr Harris.'
