

# Ari Koivunen, Heartstealer

I don't believe you, not a word you say  
I've had enough, No fun in make it great  
Oh I payed my dues, With? your every move  
No longer hypnotised, I'm gonna walk away  
refr&atilde;o:  
Play with the hand you're dealing  
You play with fire  
Last card layed down I see it  
You're just a liar  
refr&atilde;o 2:  
You're a heartstealer  
Stalkin' in the dark  
Your eyes are cold  
Your hands are quicker than the eye  
I Don't know who you really are  
Go hunt for someone else, (before you go) Just give me back my heart  
Don't love each other, The thrill is gone  
Just like the past, won't fool me anymore  
What you get for me, is the son explode  
If you want to make me bleed, can't hurt me anymore
