

# Ari Koivunen, I Fly

Here and now by myself  
I'm trying to find my way out  
The things I've done  
Right and wrong  
Will hold me til the end times  
I feel the eyes of the world  
They are gazing at me  
Gotta keep going on  
? is still strong  
And I will be free  
refr&atilde;o  
I fly with the wind  
Fire within  
Towards the skies  
We're floating high  
No one can reach me  
I fly  
(2x)  
I fly

Days go by, I'm holding on  
I'm writing the story of my life  
I have to try to win myself  
To get where my mind always lies  
I feel the eyes of the world  
They are gazing at me  
Gotta try even more  
Push harder and score  
And I will be free  
refr&atilde;o (2x)  
I feel the eyes of the world  
They are gazing at me  
Gotta keep going on  
? is still strong  
And I will be free  
refr&atilde;o (2x)
