Pressure
Pressure
Pressure

Keep yo eyes on me
Eyes on me.
Apply that pressure
Get it don't be timid
When you in it ply that pressure
Love up on on it Nibble on it Leave it
Ion want no drip baby spray it like you mean it.
So fine & spicy baby
Jump up on this pressure
I guess that why you like it baby
Come and get this
Takes a lot to excite me baby
give it all you got.
I'm a tough cookie baby hit the right spot

Texting me you know iwon't reply?
Whey you aon't fuck with me when i wasn't this fly
Now i am on top and
Now i am riding sky high
Don't need nobody
But i will take you down tonight
And i am ok. with being nasty
Too fucking hot for all these clothes anyway
My body dripping boy
But you gon' have to wait
But when you get itlick it like a Candy cane

Keep yo eyes on me
Eyes on me.
Apply that pressure
Get it don't be timid
When you in it ply that pressure
Love up on on it Nibble on it Leave it
Ion want no drip baby spray it like you mean it.
So fine & spicy baby
Jump up on this pressure
I guess that why you like it baby
Come and get this
Takes a lot to excite me baby
give it all you got.
I'm a tough cookie baby hit the right spot

So bop it baby, twist it honey
Do it like you mean it darling.
Keep it coming
Keep me running
Leave it messy
go head and live in it
Swim up in it!
