

Ariana Grande, Give It Up (feat. Elizabeth Gillies)

Liz:

Someday I'll let you in
Treat you right
Drive you out of your mind

Ari:

You never met a chick like me
Burnt so bright
I'm gonna make you blind

Both:

Always want
What you can't have
But is it so bad
If you don't get what you wanted

Make you feel good
As I'm with you
Let me shape you
Boy let's get it started

Give it up
You can't win
Cause I know
Where you've been
Such a shame
You don't put up a fight

It's a game
That we play
At the end of the night
It's the same old story
But you never get it right
Give it up

Come a little closer baby, baby
Come a little closer
Come a little closer baby, baby

Liz:

So stop trying to walk away
No you won't never leave me behind

Ari:

You better believe that I'm here to stay
Cause you're the shade and I'm the sunshine

Both:

Look at me boy
Cause I got you
Where I want you
Isn't it so exciting?

Wanna shake you
Wanna break you
Take the back seat boy
Cause now I'm driving

Give it up
You can't win
Cause I know
Where you've been
Such a shame
You don't put up a fight

It's a game
That we play
At the end of the night
It's the same old story
But you never get it right
Give it up

Come a little closer
Come a little closer baby, baby /x3

Yeah you are my baby
And I'll make you crazy tonight

Look at me boy
Cause I got you
Where I want you
Isn't it so exciting?

Wanna shake you
Wanna break you
Take the back seat boy
Cause now I'm driving

Give it up
You can't win
Cause I know
Where you've been
Such a shame
You don't put up a fight

It's a game
That we play
At the end of the night
It's the same old story
But you never get it right
Give it up
