

Ariana Grande, Nobody Does It Better

[Intro]

So what you gon' do?
So what you gon' do?
So what we gon' do?
So what you gon' do?

[Verse 1]

You said you'd never forget us
And she said she could change your life
It happened on the day you met her
A love at first sight made you blind

[Pre-Chorus]

But I warned you she wasn't who she claimed to be
And no one could love you like me
Cause nobody does it better

[Chorus x2]

I know you're sittin' at home cryin' cause you miss me
Nobody does it better
You must be out of your mind, boy, what was you thinkin'?
Yeah nobody does it
No one, no one
No-no-nobody does it
No one, no one
No-no-nobody does it better

[Verse 2]

Don't throw your heart out in a letter
Cause I already read your mind
You know you missed out on forever
It is so far a waste of time

[Pre-Chorus]

But I warned you she wasn't who she claimed to be
And no one could love you like me
Cause nobody does it better

[Chorus x2]

I know you're sittin' at home cryin' cause you miss me
Nobody does it better
You must be out of your mind, boy, what was you thinkin'?
Yeah nobody does it
No one, no one
No-no-nobody does it
No one, no one
No-no-nobody does it better

[Outro]

No one, no one
No-no-nobody does it better
