

# Arid, Soiree

You can take me any place  
You wanna take me  
I can be your long lost soul  
You and me together  
We can be forever  
No one ever needs to know  
Glowing on the outside  
Burning on the inside  
I know what you really feel  
Time to set fire  
To your little heart now  
You know all it wants is me  
I just want to hear you  
Screaming out you love me  
And this little game we play  
If you would just let me  
Come a little closer  
I'd fill up the empty space  
You can take me any place  
You wanna take me  
I can be your long lost soul  
You and me together  
We can be forever  
No one ever needs to know  
You can take me any place  
You wanna take me  
I can be your long lost soul  
Tell me all about your  
Little tiny secrets  
Are there things i need to know  
We can walk around or  
Sit here for a while  
I know what you really feel  
You just want to go set  
Fire to your heart  
&cause all it ever had was me  
I just want to hear you  
Screaming out you love me  
And this little game we play  
If you would just let me  
Come a little closer  
I'd fill up the empty space  
You can take me any place  
You wanna take me  
I can be your long lost soul  
You and me together  
We can be forever  
No one ever needs to know

Time, oh time takes care  
Of all our sorrows  
Time heals all  
Do you love me?  
Do you hate me?  
Do you want this world to break me?  
Terrify me  
Straight down to my  
Rotten bones  
Oh do you love me?  
Do you hate me?  
Do you want this world to break me?  
Terrify me  
Straight down to my  
Rotten bones

I just want to hear you  
Screaming out you love me  
And this little game we play  
If you'd only let me  
Come a little closer  
I'd fill up the empty space, oh  
It's the time of the year, it's the time of the year  
It's the time of the year, it's the time of the year  
It's the time of the year, it's the time of the year  
To be grateful for what you've got my dear.  
Oh oh oh do you love me?  
Do you hate me?  
Do you want this world to break me?  
Terrify me  
Straight down to my  
Rotten bones  
And i'll be, and i'll be, and i'll be  
Whoever you'd want me  
And i'll be, and i'll be  
Your long lost soul, long lost soul, long lost soul  
Don't ever let me go  
Don't ever let me go, oh  
I just want to hear you screaming out you love me  
And this little game we play  
If you would just let me come a little closer  
I'd fill up the empty space, oh, ohhhhh  
Baby, just maybe  
Oh, baby, just maybe  
Oh, we can find a little space  
To make it all  
Oh to make it all come true.  
Hey do you love me?  
Do you hate me?  
Do you want this world to break me?  
Terrify me  
Straight down to my rotten bones  
And i'll be yours
