

Ariel Moore, Stronger (with Alexandria)

[Alexandria]

I felt so alone
It's how you made me feel
Pushed back from my dreams
The world was spinning
Well I stood still

The waves crash all around
Beating me down

But I will not drown
Tired of feeling bound

So I stood my ground
My heart pounding loud

[Ariel & Alexandria]

I'm stronger for what I've seen
Stronger for what I believe
And I'll survive long as there's air to breath
I'll make it in this world

You'll see

I'm stronger

Nothing is perfect

Nothing is what it seems

But the only way to achieve

Is to believe in me

Stronger (x4)

Be stronger

I'm stronger!

[Ariel]

Music in my soul

When I'm feeling low

It gives me control

I'm dreaming out loud

My heart in's the clouds

Stand out in the crowd!

I'm buring so bright now

'Cause I seen the light

Like star in the night

It's time to take flight

There's no need to hide

What was deep down inside

Yeah this is my life

It's my time to shine!

[Ariel & Alexandria]

I'm stronger for what I've seen

Stronger for what I believe

And I'll survive long as there's air to breath

I'll make it in this world

You'll see

I'm stronger

Nothing is perfect

Nothing is what it seems

But the only way to achieve

Is to believe in me

Stronger (x4)

Be stronger

I'm stronger!

[Ariel]

I'm taking back what you took from me

It's finally time for the world to see

It's my time (x2)

I'm taking back what you took from me

[Alexandria]

I'm taking back what you took from me

It's finally time for the world to see

Now I've become who I was meant to be

As today I've been set free!
[Ariel & Alexandria]
Stronger for what I've seen
Stronger for what I believe
And I'll survive long as there's air to breath
I'll make it in this world
You'll see
I'm stronger
Nothing is perfect
Nothing is what it seems
But the only way to archieve
Is to believe in me
Stronger (x4)
Be stronger
I'm stronger!
Stronger (x4)
Be stronger
I'm stronger...
