

Ariel Pink, Jagged Carnival Tours

now is the time at hand
time to take a stand
everyone collaborate
together now celebrate
make that music everyone
by everyone round and round
share the sounds
all who down
trade the part
it don't matter
it's a start
do something interesting
say it
it don't matter what
just say something
bust a nut

who is this, in my sleep?
jagged jagged jagged jagged
jagged jagged jagged jagged

she cooks me alive and she's burning
ooh she rises in makeup
oh i just keep thinking and thinking
oh jagged jagged jagged jagged

my uniform
get out and fight
