

Ariel Pink, Oblivious Peninsula

Landmines and power plants machinery
geo-graphics our anatomy
statements perceivable by human inaneity
language of six senses nonsense instincts dispense of them

oblivious peninsula hoorah
oblivious peninsula hoorah

wear pollution halos
dress like the living dead will
angry thoughts besiege when
interpretive cartoons in braille

oblivious peninsula
islands are rising, advancing
oblivious peninsula
rigor mortis setting as a man thinks
oblivious peninsula
islands rising as a man sinks
oblivious peninsula
peninsula, peninsula

landmarks and planets solar gravity
oh music it's our chances of discovery

idiots for smokescreen choke
on filters made of oxygen
watching as masochism
hangs you in every direction

oblivious peninsula, sula
oblivious peninsula, sula

managed manifestations
lawyered thoughts disprove laws
shapes open to streams like
downward riverbank beds

oblivious peninsula
islands rising as the land sinks
oblivious peninsula
rigor mortis setting as a man thinks
oblivious peninsula
islands rising as the land sinks
oblivious peninsula
peninsula, peninsula, peninsula

finds a life, a locust
millions of one unit
squared for breathing curvatures
phenomonological fits

oblivious peninsula, sula
oblivious peninsula, sula

wear pollution halos
dress like the living dead will
angry thoughts besiege them when
interpretive cartoons in braille

oblivious peninsula
islands rising as the land sinks
oblivious peninsula
rigor mortis setting

oblivious peninsula
