

Ariel Pink, Somewhere In Europe/ Hotpink!

Here we're standing,
Somewhere in Europe
But it could be China
To South Nicaragua
We drove here all night,
Just for the weekend

"Excuse me, sir,
Why don't you speak any English?
Pardon my French,
But we're fucking lost here!
Just point me to the West,
Then we'd best, best be on the way.
S'il vous plait."

Here we're standing,
Somewhere in London
It's all a mess lest
We try and catch the Metro
We'll take it into Baghdad,
Spain then San Francisco

See the city spirals inwardly forever
Crack me like a slot machine, oh-oh
Just point me to the direction of Las Vegas
And I'll be going home
Europe's not our home...no

Somewhere in Europe
Far away from Montana
At the Town Hall's Masquerade Show
Somewhere in Europe
I get so razzed by you!
Shaken up in a hostel in Soho
Somewhere in Europe I'll be
Right there still standing
Just a-standin' there

U.S.A
I say home
U.S.A.

I say home
U.S.A.
I say home

(Somewhere in Europe
It's good, it's good)

Go into the breakdown

Hot pink!
