

Ariel Pink, Twenty Two Eyes

i'm taking my time but i can't wait
i'm walking outside but i'm running away
snuck out the door but she's all ready to hide
running from the girl with twenty-two eyes (x3)

hiding in the door, there ain't a sound
i'm scared for my life but no one's around
may as well be good as bad
hiding from the girl with twenty-two eyes (x3)

i'm staring at walls with her wicked back
i'm watching a porno where the nipples turn black
scared to see her gazing face
shrieking from under that monster's gaze

i'm safer when i am alone
that's why i've given up, going back home
but even on the street, i'm sure to find
the crazy little girl with the twenty-two eyes
the crazy little bitch with the twenty-two eyes
the crazy little woman with the twenty-two eyes
the crazy little lady with the twenty-two eyes
