

# Arizona, Moving On (A R I Z O N A)

So far up  
So far down  
Feel ourselves, turning inside out  
Get so lost  
We don't wanna be found  
Kings and queens of our own ghost towns

Some nights we feel like dancing  
Some nights we feel like crying  
Some nights we feel like living, oh  
Some nights we feel like dying  
Some nights we feel like staying out  
Cause we can't stand to be at home

But we'll be alright if we just  
Keep moving on (x8)  
When the day is gone and the night is long  
Keep moving on, oh  
But we'll be alright if we just  
Keep moving on (x8)  
When the day is gone and the night is long  
Keep moving on, oh

So far out  
So far near  
We find ourselves  
But how did we get here?  
Always lost, but always no fear  
Sailing the waters of our young years

Some nights we feel like dancing  
Some nights we feel like crying  
Some nights we feel like living, oh  
Some nights we feel like dying  
Some nights we feel like staying out  
Cause we can't stand to be at home

But we'll be alright if we just  
Keep moving on (x8)  
When the day is gone and the night is long  
Keep moving on, oh  
But we'll be alright if we just  
Keep moving on (x8)  
When the day is gone and the night is long  
Keep moving on, oh  
We'll be alright if we just  
Keep moving on (x8)  
When the day is gone and the night is long  
Keep moving on, oh  
Keep moving on (x8)  
When the day is gone and the night is long  
Keep moving on
