

Arizona, Moving On (A R I Z O N A)

So far up
So far down
Feel ourselves, turning inside out
Get so lost
We don't wanna be found
Kings and queens of our own ghost towns

Some nights we feel like dancing
Some nights we feel like crying
Some nights we feel like living, oh
Some nights we feel like dying
Some nights we feel like staying out
Cause we can't stand to be at home

But we'll be alright if we just
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on, oh
But we'll be alright if we just
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on, oh

So far out
So far near
We find ourselves
But how did we get here?
Always lost, but always no fear
Sailing the waters of our young years

Some nights we feel like dancing
Some nights we feel like crying
Some nights we feel like living, oh
Some nights we feel like dying
Some nights we feel like staying out
Cause we can't stand to be at home

But we'll be alright if we just
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on, oh
But we'll be alright if we just
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on, oh
We'll be alright if we just
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on, oh
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on
