Arizona, Moving On (ARIZONA)

So far up So far down Feel ourselves, turning inside out Get so lost We don't wanna be found Kings and queens of our own ghost towns

Some nights we feel like dancing Some nights we feel like crying Some nights we feel like living, oh Some nights we feel like dying Some nights we feel like staying out Cause we can't stand to be at home

But we'll be alright if we just Keep moving on (x8) When the day is gone and the night is long Keep moving on, oh But we'll be alright if we just Keep moving on (x8) When the day is gone and the night is long Keep moving on, oh

So far out
So far near
We find ourselves
But how did we get here?
Always lost, but always no fear
Sailing the waters of our young years

Some nights we feel like dancing Some nights we feel like crying Some nights we feel like living, oh Some nights we feel like dying Some nights we feel like staying out Cause we can't stand to be at home

But we'll be alright if we just
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on, oh
But we'll be alright if we just
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on, oh
We'll be alright if we just
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on, oh
Keep moving on, oh
Keep moving on (x8)
When the day is gone and the night is long
Keep moving on (x8)
