

Arkadiusz Matuszak, Remember

I feel you every day
I feel how you look into my eyes
baby

I look at every step I take
take care of me
I've chosen my skin
I Remember you
YOu Remember me
baby

you still love me
you could not leave in this world
without me /2x

so come on in my dream
give me light and hope
give me faith to be alive
to be alive
so come on in my dream
give me light and hope
give me faith to be alive
to be alive
to be alive

I feel you every night
I feel like you touch my soul
baby

I look into the sky
ypou give me love

I Remember you
YOu Remember me
baby

you still miss me
you could not leave in this world
without me /2x

so come on in my dream
give me light and hope
give me faith to be alive
to be alive
to be alive
