

# Arkadiusz Matuszak, Remember

I feel you every day  
I feel how you look into my eyes  
baby

I look at every step I take  
take care of me  
I've chosen my skin  
I Remember you  
YOu Remember me  
baby

you still love me  
you could not leave in this world  
without me /2x

so come on in my dream  
give me light and hope  
give me faith to be alive  
to be alive  
so come on in my dream  
give me light and hope  
give me faith to be alive  
to be alive  
to be alive

I feel you every night  
I feel like you touch my soul  
baby

I look into the sky  
ypou give me love

I Remember you  
YOu Remember me  
baby

you still miss me  
you could not leave in this world  
without me /2x

so come on in my dream  
give me light and hope  
give me faith to be alive  
to be alive  
to be alive
