

# Arkangel, In The Embrace Of Truth

I am not tempted by your paradise of lies.  
Never will I fester in the bowels of  
decadence.  
Committed to nobility  
for a higher destiny,

in the embrace of truth belongs  
my heart and soul.  
I walk the path of righteousness...

My quest for justice is  
enlighter by the blazing sun of harmony.  
I refuse to partake  
I refuse to partake  
into man's craving for luxury.

A desire fueled  
by the flames of greed.  
In this world, nether culture is a legacy  
of prejudices against

no human animals...

In this world, nether culture is a legacy  
of prejudices against  
no human animals.
