

Arkhon Infaustus, The Ominous Circle

Here under the vaults of the bizarre idol's church
Demons, whores and worshippers unite in the mass of the flesh

Rise! Satanas...

Sucked by the youngest whore
I stand before the altar
I rip apart a goatskull
And say your name... The great god of hell

Rise! Satanas...

And now from the top of the world
I call the gods of the profoundest pit
Arise now, as we all gather
Aeons of hell... our time has come at last...
