

# Arlo Guthrie, Here We Are / Way Out In The Country

words and Music by Arlo Guthrie

Here I am  
Won't you take me in your arms tonight  
And there you are  
Looking like the stars are in your eyes  
Here we go  
You know it's been so long since we were lovers  
I don't know  
If I felt this way since then and baby why  
Why we said good-bye  
Why we sat and cried  
Why we ever let this happen to us

I don't care  
Where you've been, I've been there too  
You know that  
You and me  
We had some growing on our own to do now  
Let's get on  
You know the time's a-wasting  
Morning's breaking  
Here we are  
Looking like we used to be and baby why  
Why we said good-bye  
Why we sat and cried  
Why we ever let this happen to us

There's a bird flying high  
Way up in the air  
And I am sitting here with you at my side  
Way out in the country

There's a lot of real big trees  
Rolling gently on the breeze  
And I am playing with the bumble bees  
Out in the country

Puffy clouds are in the air  
If it rains well we won't care  
'Cause you look good in your underwear  
Way out in the country

Here I am  
Let me take you in my arms and hold you  
Once again  
It feels like we are coming home and well  
Remember when  
We were young and so in love together  
Here we are  
Happy like we used to be, and baby why  
Why we said good-bye  
Why we stood and cried  
Why we ever let this this happen to us

You know the time is at an end  
And you and I can just be friends  
And if we let this moment pass  
I think we both know it won't come again
