

Arlo Guthrie, I'll Be With You Tonight

It's okay if you're alright
It's good to be here with you tonight
Dressed in moonlight and faded jeans
It ain't no mystery, all it means is
I can't believe I'll be with you tonight
I can't believe I'll be with you tonight
We'll be alright if it's okay
I know I'm crazy but I'm naturally that way
And by the look in your liquid eyes
It won't come as any big surprise but
I can't believe I'll be with you tonight
I can't believe I'll be with you tonight
Everybody's in their own little world
And I've been dreaming about you, girl
I can't believe I'll be with you tonight
I'm here with you, you're here with me
Ain't it wonderful just how good it can be?
I don't imagine it gets much better than this
But whatever it was it just got crossed off my list
I can't believe I'll be with you tonight
Can't believe I'll be with you tonight
Everybody's in their own little world
And I've been dreaming about you, girl
I can't believe I'll be with you tonight
