## Arlo Guthrie, I've Just Seen A Face

by Lennon, McCartney

I've just seen a face, I can't forget the time or place That we'd just met, she's just the girl for me And I want all the world to see we've met Na na na na na

Had it been another day I might have looked the other way But I had never been aware And as it is I dream of her tonight Na na na na na

## **CHORUS:**

Falling, yes I am falling And she keeps calling me back again

I have never known
The likes of this, I've been alone
And I have missed things and kept out of sight
But other girls were never quite like this
Na na na na na na

## **CHORUS**

I've just seen a face I can t forget the time or place And we'd just met, she's just the girl for me And I want all the world to see we've met Na na na na na

## **CHORUS**
