

Arlo Guthrie, This Troubled Mind Of Mine

by Johnny Tyler and Billy Hughes

There's gonna be some changin' 'round
Babe, when you come turn me down
Trifled on me for your last time
When I come home at night
Why you always start a fight

Now babe I want you to know
You left your motor runnin' slow
I got off and got on a faster line
Got me a baby that's got some dough
When you gotta go, you gotta go
Gonna leave you and ease
This troubled mind of mine

CHORUS:

There's no need to talk to you
'Cause you know that we are through
I can find a better place to spend my time
Now if I stay out late
You know I'm swingin' on another gate
Gonna leave you and ease this
Troubled mind of mine

Now baby I want you to know
You left your motor runnin' slow
I got off and got on a faster line
Got me a baby that's got some sense
Gonna leave you to ease this
Troubled mind of mine

CHORUS
