

# Arlo Parks, Purple Phase

Saturday was rotten to the core  
Whispering to Jodie on the floor  
Terrified of turning 24, wet-eyed paranoid  
(It's just a)  
Promising to rise above the thoughts  
Tried to flush her pills and get support  
There's a centre in upstate New York, smoke blue lakes and talks  
(It's just a)

I just want to see her iridescent charming cats down from trees  
Mugler aviators hiding eyes that laugh when concealed  
Saviour instinct tells me use your hands to drag her to peace  
To a place she can sleep

It's just a purple phase  
It's just a purple phase  
It's just a purple phase  
It's just a purple phase

Oh Jodie won't you tell me what you're holding on for?  
Holding on for?  
(It's just a)  
I would find it all then I'd give it to you  
I'd give it to you yeah yeah yeah

I just want to see her iridescent charming cats down from trees  
Mugler aviators hiding eyes that laugh when concealed  
Saviour instinct tells me use your hands to drag her to peace  
To a place she can sleep

It's just a purple phase  
It's just a purple phase  
It's just a purple phase  
It's just a purple phase

I want you happy, I want you happy  
I think you're precious, I think you're precious  
I want you happy, I want you happy  
Oh you're so precious, you're so precious to me

It's just a  
It's just a  
It's just a  
It's just a  
It's just a  
It's just a

It's just a purple phase  
It's just a purple phase  
It's just a purple phase  
It's just a purple phase

It's just a purple phase  
It's just a purple phase  
It's just a purple phase  
It's just a purple phase
