

# Armagedda, Only True Believers

In the moonlight walk the shapes  
That you never see  
To the dawn, the supreme rage burn  
Of unholy spirits  
They hunger for your life  
Which doesn't really exist  
Because their will  
Is to see you suffer

They...hunger...for your...life

Only true believers  
Will find their strength  
When Satan's power  
Show It's real face  
The demons beneath the dark throne gathers  
And they will bring you  
Mental funeral

They...hunger...for your...life
