

Armageddon, Die With Your Boots On (Bonus)

Another prophet of disaster
Who says the ship is lost
Another prophet of disaster
Leaving you to count the cost
Taunting us with visions
Afflicting us with fear
Predicting war for millions
In the hope that one appears

No point asking when it is
No point asking who's to go
No point asking what's the game
No point asking who's to blame
'Cause if you're gonna die
If you're gonna die
'Cause if you're gonna die
If you're gonna die

If you're gonna die
Die with your boots on
If you're gonna try
Just stick around
Gonna cry, just move along
If you're gonna die
You're gonna die

In 13 the beast is rising
The frenchman did surmise
Through earthquakes and starvation
The warlord will arise
Terror, death, destruction
Pour from the eastern sands
But the truth of all predictions
Is always in your hands

If you're gonna die
Die with your boots on
If you're gonna try
Just stick around
Gonna cry, just move along
If you're gonna die
You're gonna die

If you're gonna die
Die with your boots on
If you're gonna try
Just stick around
Gonna cry, just move along
If you're gonna die
You're gonna die

-Solo-

You'll die with your boots on
You'll die
You're gonna die
With your boots on
We'll die, we'll die
We'll die, we'll die
