

Armand Van Helden Feat. George Llanes, To Be

Freak, shake, freak, shake
Freak, shake, freak, shake
Freak, shake, freak, shake
Freak, shake, freak, shake

Get down

Get down

Get down

Get down

I've so many ways of loving you

But you gotta to be a freak

I've so many ways of loving you, girl

But you gotta to be a freak

I've so many ways of loving you

But you gotta to be a freak

I've so many ways of loving you, girl

But you gotta to be a freak

Get down

Get down

Get down

Get down

I've so many ways of loving you

But you gotta to be a freak

I've so many ways of loving you, girl

But you gotta to be a freak

I've so many ways of loving you

But you gotta to be a freak

I've so many ways of loving you, girl

But you gotta to be a freak

Get down

Get down

Get down

Freak the party, shake your body

Freak the party, shake your body

Freak the party, shake your body

Freak the party, shake your body

Now I want you to extend your mind

Beyond your thoughts and beliefs, we're only just freaks

We gotta couple of terms, what makes you freaky

'Cause it's so really hard

A keen desire is to be different

To be more then crazy

To go beyond the dream of just living

I want you to feel what I'm about to tell you

Get down

Get down

Get down

I've so many ways of loving you

But you gotta to be a freak

I've so many ways of loving you, girl

But you gotta to be a freak

I've so many ways of loving you

But you gotta to be a freak

I've so many ways of loving you, girl

But you gotta to be a freak

Get down

Get down

Get down
