

Armand Van Helden Feat. La Roka, All Nite

All nite, all nite, all nite
All nite, all nite, all nite
Last night you told me that
I was gonna be your only love
You promised you would show me
'Coz you know that your words just ain't enough
So I decided to wait for you
To see exactly what you do
So can you prove that your love is real
And can you hold me all night long
'Coz I need you all nite
'Coz I want you all nite
'Coz I need you all nite
'Coz I need you all nite
'Coz I want you all nite
'Coz I need you all nite
'Coz I need you all nite
'Coz I want you all nite
'Coz I need you all nite
'Coz I need you all nite
'Coz I want you all nite
'Coz I need you all nite, all nite
Just when I decided
I wasn't gonna fall for love any more
You came through and ignited
A fire like I never felt before
I can't fight the way you make me feel
Your the one to give me love that's real
When we're together it feels so right
So come and stay with me tonight
'Coz I need you all nite
'Coz I want you all nite
'Coz I need you all nite
'Coz I need you all nite
'Coz I want you all nite
'Coz I need you all nite
'Coz I need you all nite
'Coz I want you all nite
(I need you)
'Coz I need you all nite
(I want you)
'Coz I need you all nite
'Coz I want you all nite
(I need you)
'Coz I need you all nite
(I want you)
So show me, show me something
'Coz words, it ain't gonna hold me down
You've got nothing to fear baby, just tell me where and when
And I'll be there tonight, tomorrow, whenever
'Coz I need you all nite
'Coz I want you all nite
'Coz I need you all nite
'Coz I need you all nite
'Coz I want you all nite
'Coz I need you all nite
