

Armor For Sleep, Lullaby

Didn't they teach you, everything okay if you settle enough?
Forget your dreams, let's pretend I'm everything you want me to be.

Complicated breathing, you never had the guts just to throw me away.
Life moves slow when everything's a worse version of what you need.

And I'm just the ground that you happened to fall on,
when you lost your balance, walking around in the rain.
And you got to your feet, scratched your head,
and started together the life that you trust all around me.

I can't fight for a graveyard, anymore.

Some people have no money,
to keep their legs pumping away at the ground.
What moves me is fear,
that I'll always be alone at the end of the day.
(At the end of the day)

And I'm just the ground that you happened to fall on,
when you lost your balance, walking around in the rain.
And you got to your feet, scratched your head,
and started together the life that you trust all around me.

I can't fight for a graveyard,
I can't fight for a graveyard, anymore.

I'm just the ground that you happened to fall on.
I'm just the ground. [x3]

And I'm just the ground that you happened to fall on,
when you lost your balance, walking around in the rain.
And you got to your feet, scratched your head,
and started together the life that you trust all around me.

I'm just the ground [x4]

I can't fight for a graveyard, anymore
