

# Armor For Sleep, Raindrops

You appear like raindrops  
And leave like you sink through  
The streets that you fall on  
The cars that slip on you  
All of this for just one night

Suffocate me, all you need,  
I wont breathe but its okay  
Youll be somewhere around me  
And I wont need air

The clouds will break my house  
And throw me from my room  
Ill drown in the rainfall  
And float till I find you

You appear like raindrops  
And leave like you sink through  
The streets that you fall on  
The cars that slip on you  
All of this for just one night

Suffocate me, all you need,  
I wont breathe but its okay  
Youll be somewhere around me  
And I wont need air

And I wont need air  
And I wont need air  
And I wont need air  
And I wont need air

Suffocate me, all you need,  
I wont breathe but its okay  
Youll be somewhere around me  
And I wont need air

Suffocate me, all you need,  
I wont breathe but its okay  
Youll be somewhere around me  
And I wont need air
