

# Armor For Sleep, The More You Talk, The Less I

you've seen me, do i look okay to you?  
give me your hand  
i'll shake it and shake it again  
i'll smile until my face falls off my head  
if it's good for you, it's good for me too

what did i say?  
why do you give a shit?  
they're trying to pry into my brain  
but i'm gone  
i'm running down highways  
til i see your face  
i just need to see you now  
i just need to see you now  
i don't care about anything else  
i don't care about anything else

their words are flying over my head  
i try and hear, but i'm somewhere else again  
you laugh and i smile back to humor you  
if its good for you, its good for me too

what did i say?  
why do you give a shit?  
they're trying to pry into my brain  
but i'm gone  
i'm running down highways  
til i see your face  
i just need to see you now  
i just need to see you now  
i don't care about anything else

it's raining outside  
there's a storm front on my back  
trying to keep, trying to keep away from you  
a strangers up ahead, holding up a knife  
trying to keep, trying to keep me away from you  
its raining outside  
there's a storm front on my back  
trying to keep, trying to keep away from you  
the stars are falling down  
breaking up the road  
trying to keep, trying to keep me away from you

i scream til i bleed  
i scream stay away from me  
they can't keep me back  
keep me back  
i scream til i bleed  
i scream stay away from me  
they can't keep me back  
keep me back

what did i say?  
why do you give a shit?  
i just need to see you now  
i just need to see you now  
i just need to see you now  
i don't care about anything else  
i just need to see you now  
i don't care about anything else
