

# Armoury Show, Innocents Abroad

We followed the river  
Over land never seen  
Oh were is the - where is the sound  
Under and over she's goes

Always forever  
The innocence - the innocence of love

Came through a silence  
Or was it relief  
Oh were is the - where is the sound  
Running away from it all

Always forever

Forever always at home

Farewell to farewell to  
Your heart - your heart  
The innocence - the innocence of love

Always the echo  
Breaking the fall  
Oh were is the - where is the sound  
Put her foot down in her hope

Always forever  
The innocence - the innocence of love
