

Army Of Lovers, Dynasty Of Planet Chromada

The earth is on fire
A glorious globe
Gods of desire
We build a new home

Ball of confusion
A market for love
The final solution
Dynasty from above

How lethal is the grand infusion
We tamper with a chemical bath
Like metal greased in oil solution
Walk this dire path

Like heroes of the fort masada
Apocalypse the end of the earth
the transgalactic reich Chromada
A chosen rebirth

Chorus:
Paradise in disguise
Shout the truth whisper lies
Play the game roll the dice
Welcome to my paradise

The earth is on fire
A glorious globe
Gods of desire
We build a new home

We got to kill the beast of Cnossos
Make happen every legend we've heard
We travel through the macrocosmos
Into a new world

Chorus

Push and shove high and low (4*)

Chorus

Ball of confusion
A market for love
The final solution
Dynasty from above
