

Army Of Lovers, Give My Life

Chorus:

I give my life
Give my life give my life
Give my life to be in the book of love
Give my life give my life
Give my life to have some fun
When I go when I go when I go
Come see my spirit fly
Give my life give my life
tonight I'll sacrifice

(Repeat chorus)

There's a wizard who
Pampers the virgins
He's collecting a portion of blood
There's a blizzard when
Browning the valley
Take the virgins away
By the flood

On a mountain
the wizard perfecting
He's collecting
An ancient perfume
Every tear every
Drop of the essence
Breaking hearts
In the temple of doom

Chorus (2*)

There's a castle
The height of construction
There's a pipeline
Directing the stream
In a chamber a lizard extracting
To the goddess
A potion of dreams

At the top of the stair
Hail the axman
And the angels
The peak of the scene
Pass the virgins on
Army Of Lovers
Looking grand on
A video screen

Chorus(2*)

Tonight I'll sacrifice

Chorus

Give my life give my life
Tonight I'll sacrifice
