Army Of Lovers, Life Is Fantastic (The 1995 Rem

Life is fantastic
The beauty and sorrow
Death is too drastic
I can't say goodbye
Golden or plastic
The joys of tomorrow
Life is fantastic
I don't want to die

Lost in the age of innocence Trapped in a traffic accident Got to escape the hospital Intensive care

Don't try to fool yourself You bag of skin and blood One day I break your heart And bury you in mud Don't be an egotist The doctor wants your room You had your go at life The time is up you're doomed

Life is fantastic
The beauty and sorrow
Death is too drastic
I can't say goodbye
Golden or plastic
The joys of tomorrow
Life is fantastic
I don't want to die

I have to boost my confidence Build me a strong immune defense Take on the virus drilling In my chilling spine

You think you're so unique You think you have it all Deep down inside you're weak I shake and make you fall Don't be an egotist The doctor wants your room You had your go at life The time is up you're doomed

Life is fantastic
The beauty and sorrow
Death is too drastic
I can't say goodbye
Golden or plastic
The joys of tomorrow
Life is fantastic
I don't want to die

Look at your body
How the pieces fall apart
There ain't no brainwave
Ain't no pumpin' from the heart
That was your life my dear
I'm bored with your account
You had your go at life
Your time is up you're doomed

Life is fantastic
The beauty and sorrow
Death is too drastic
I can't say goodbye
Golden or plastic
The joys of tomorrow
Life is fantastic
I don't want to die

Life is fantastic Fantastic Fantastic Fantastic Fantastic Fantastic Life is fantastic
