

Army Of Lovers, Obsession

Obsession

Chorus:

I could wait night and day
Sigh your name when I pray
In my heart night and day
Til you come my way
I could wait night and day
Be the sky blue or gray
In my heart night and day
For your love to stay

Obsession

You got that magic in your eyes
Shining wherever you go
Through a lover's paradise
Trust every sign when I'm so
Close to where my heart belongs
Like in heaven

Chorus

Obsession

I can't help falling into a trance
Losing my senses I know
You're my hero in advance
Trust every sign when I'm so
Close to where my heart belongs
Like in heaven

Chorus

Obsession (3x)

There ain't no promises
Ain't no commitments
But how cruel can love be
How cruel to a broken heart like mine
There ain't no right
There ain't no wrong
but as long as hope survives
I'll stay alive

Chorus
