

# Army Of Lovers, Obsession

Obsession

Chorus:

I could wait night and day  
Sigh your name when I pray  
In my heart night and day  
Til you come my way  
I could wait night and day  
Be the sky blue or gray  
In my heart night and day  
For your love to stay

Obsession

You got that magic in your eyes  
Shining wherever you go  
Through a lover's paradise  
Trust every sign when I'm so  
Close to where my heart belongs  
Like in heaven

Chorus

Obsession

I can't help falling into a trance  
Losing my senses I know  
You're my hero in advance  
Trust every sign when I'm so  
Close to where my heart belongs  
Like in heaven

Chorus

Obsession (3x)

There ain't no promises  
Ain't no commitments  
But how cruel can love be  
How cruel to a broken heart like mine  
There ain't no right  
There ain't no wrong  
but as long as hope survives  
I'll stay alive

Chorus
